

K-LOVE is a wonderful, uplifting, family-friendly station that each one of my family members (4 teens, 2 adults) can and do enjoy. It is also an avenue for help and prayer in times of trouble. If displaced by an LPFM, this would be lost. K-LOVE is of public interest because it can help people in times of trouble in a wholesome way, K-LOVE never has a negative word, which is unusual in the negative world we live in, and finally, K-LOVE provides music without sex and violence. This, in turn, could provide the children of our future into more positive, morally sound, less violent leaders.
